PLANNING GUIDE 2025

CARDINAL FUNERAL
HOMES

Thank You

We want to thank you in advance for allowing Cardinal Funeral Homes the opportunity to serve you during a difficult time.

We are honoured to know that you have placed your trust in our team to care for you and your family as you mourn the death of your loved one, while commemorating the life they lived.

Who We Are

Every life is beautiful. And every goodbye should be, too.

For 100 years, Cardinal Funeral Homes has been guiding families through life's most heartfelt moments. Family-owned for four generations, we remain proud to be a true family business — rooted in community, guided by compassion, and committed to doing what's right for families. While the landscape of funeral service has changed over time, our family's promise has not. For generations, Cardinal has remained steadfast in putting people first, never losing sight of the personal care and dignity families deserve.

From the first phone call, through the day of the service, and long after, our role is to shoulder as much as we can for you. We provide clear, honest pricing with no hidden fees, and include many services that other funeral homes charge extra for — from government paperwork support to complimentary grief counselling, annual remembrance services, and thoughtful care packages. We also never ask for full payment up front, because our priority is caring for families, not adding financial stress during an already difficult time.

Our spaces are warm and welcoming, with on-site parking and a complimentary shuttle to nearby lots. Thoughtfully designed, they provide places for quiet reflection as well as larger gatherings where family and friends can come together in comfort to share memories and celebrate a life well-lived. We are also easily reached by TTC, ensuring accessibility for all who wish to gather. Most importantly, our team is made up of kind, professional people who treat every family as if they were their own.

Jimmy Cardinal and family
PRESIDENT
j.cardinal@cardinalfuneralhomes.com
4th Generation Owner

Rooted in community for a century, Cardinal has grown from James Cardinal's vision in 1925 into two Toronto locations that continue to be led by his family today. Many of the families we serve now are the children and grandchildren of those we cared for decades ago — a trust we hold with the deepest respect. Under the leadership of fourth-generation President Jimmy Cardinal, we are proud to uphold the legacy of compassion, dignity, and genuine care that has defined us for generations. Our care extends beyond our walls as well — through support of local charities, cultural events, and organizations that enrich the lives of the people we serve.

At Cardinal, we walk with you at every step — easing burdens, honouring legacies, and creating more beautiful goodbyes.

Jimmy

Our Common Journey

“A funeral or memorial service allows for a time to reflect and to say goodbye.”

The Death of a Loved One

At some point, every family has to face the reality that life ends. Sometimes it is the result of an illness, or after a long life, but sometimes it happens suddenly, with no time to prepare.

Hearing the News

When a death occurs, the immediate family has the task of letting other family members and friends know what has happened. This is often when the reality that a loved one has died begins to sink in.

Family Gathers

Often the family home becomes a busy place, as family members gather to make pressing decisions about what should be done next. Usually around this time the family meets with one of our funeral directors, either at the funeral home, or at the family's home, to plan out the details of the funeral.

Friends Support

As the word spreads, friends surround the family and offer support. People may want to offer support by sending flowers or a card, calling, or dropping off a meal.

Public Mourning

This is an opportunity for you to invite your community to join you in your grief, to offer support and to remember the deceased. Visitation hours provide a structured time for people to offer condolences to the family. A funeral or memorial service allows for a time to reflect and to say goodbye. The tone of this service may or may not be impacted by religious beliefs and world views held by the deceased and the family.

Final Goodbye

At this point, we say goodbye to our loved one, and begin to realize that life must go on without his or her physical presence.

Private Grieving

Grief does not end with the funeral. The grief a family experiences is very real and will last a long time. Often this is done in private, with close family and friends offering support. Many times we will begin to seek support from those who understand.

Adjusting to Change

Life must continue without the person who has died. Slowly a family adjusts to the absence of the deceased. Life changes but you can begin to move forward.

Are you thinking of Burial?

What You Need to Know

The deceased is buried in a casket, and the casket may be placed in a concrete liner or a vault. The casket can be buried shortly after death, after a visitation and/or funeral service, or before a memorial service. The casket may be buried in the ground or entombed in a mausoleum. Embalming is not required for burial, but may be recommended, depending on the visitation and funeral arrangements.

Planning Ahead

We believe it is a good idea to select burial plots before the time of need if possible. Selecting a final resting place for a loved one is an important decision that we can help you with. We have information available for all cemeteries in the area and can provide you with comparisons so that you can make a decision that fits both your wishes and your budget. Please give us a call or send us an email if you would like any information about cemeteries in your area.

We would be honoured to guide you through exploring burial options, offering our advice and recommendations as you arrange for burial and select the appropriate cemetery property.

Do I need to purchase a vault?

Some cemeteries either require or recommend purchasing a vault or cemetery liner to enclose the casket in the ground. This offers protection from the weight of the earth, and in the case of sealing vaults, protection from the elements in the ground.

What mementos or personal items can be placed in a casket prior to burial?

Any personal items can be placed in the casket, like notes or photos, which can be a helpful way to say goodbye. We will ask you whether any jewelry or mementos placed with your loved one during the visitation should be left with the person or returned to the family. If desired, we can donate eyeglasses to charity.

Are keepsakes for cremation only?

Some people find it helpful to have a part of their loved one to keep with them as a special way to remember them. This is possible if you choose burial as well as cremation. Instead of cremated remains items such as a lock of hair, a special note or a photo can be enclosed for safekeeping.

Burial Arrangement Options

For your convenience, we have created three burial arrangement options to choose from. Any of our options can be customized to fit the needs of your family.

Itemized pricing appears on pages 12 & 13

Arrangement options do not include the price of the casket.

All pricing included in our Planning Guide is subject to applicable taxes.

Please note that Burial Plan B pricing reflects up to a two hour visitation prior to the service.

Prices effective October 1, 2025

Feel loss without feeling lost.

Are you thinking of Cremation?

The Cremation Process

Cremation involves reducing the deceased's body to bone fragments by applying intense heat for a period of two to three hours. The cremated remains, which are commonly referred to as ashes, are removed from the cremation chamber and any metal objects are removed. The cremated remains are then processed, so that they are of an equal consistency. They will often appear white or grey in colour, and typically weigh between 1 to 2 kilograms.

Our Crematorium

We will arrange cremation with any crematorium, but we suggest Evergreen Crematorium. Our funeral home is part-owner, alongside other family-owned firms, and we recommend them because we can personally vouch for their professional standards. They are located in Milton, and we feel confident that their team will handle every detail with the utmost respect and care for your loved one.

Attending the Cremation

We are used to being present for the burial of a loved one, but have you considered attending the cremation? Some families find it beneficial to accompany us to the crematorium, and to have a goodbye ceremony in the crematorium chapel as a way of seeing the process through. If desired, you may even witness the beginning of the cremation process in a respectful manner. Many families have appreciated accompanying their loved one for their final journey. Ask your funeral director about how this might work for your family.

What mementos or personal items can be placed in a casket prior to cremation?

Some personal items can be placed in the casket, like notes or photos, which can be a helpful way to say goodbye. Since most items will be destroyed as part of the cremation process, we suggest that jewelry be removed and placed inside the urn with the cremated remains after the cremation has taken place.

What funeral services can be selected if cremation is chosen?

Cremation does not limit the funeral services that may be chosen. The same options are available with cremation as with burial or entombment. Some of these choices include the type of casket, having an open casket viewing or visitation, location of service, and type of funeral or memorial service. If you have any questions, one of our funeral directors will be happy to assist you.

Cremation Arrangement Options

For your convenience, we have created three arrangement options to choose from. Any of our options can be customized to fit the needs of your family.

Refundable cremation deposit \$350

For all cremations, a refundable deposit will be collected at the time of arrangements and then repaid once the cremated remains have been returned to the family. Should the cremated remains not be returned to the family after one year, Cardinal Funeral Homes may use this deposit to bury the remains in common ground. If the cremated remains are picked up before the account has been paid in full, \$350 will be deducted from the total amount due.

A) Full Service Funeral \$9,485

VISITATION AND/OR SERVICE ON SEPARATE DAYS

This option includes the services, documentation and vehicles required for a traditional funeral with the visitation and service taking place on two separate days. If two days of visitation before the service are preferred, the cost would be an additional \$1,035. This fee includes all preparation work for an open casket visitation as well as the transfer of the deceased to the crematorium following the service.

B) Full Service Funeral – Same Day \$6,800

VISITATION AND/OR SERVICE ON SAME DAY

This option includes the services, documentation and vehicles required for gatherings that take place all on the same day. This option allows for the use of our funeral home for up to three hours to gather with friends and family for a visitation and/or service, followed by the private transportation of the deceased to the crematorium using our transfer vehicle. If the service is to take place at another location or if the cremation is to be witnessed by the family, then additional fees will apply. If an open casket visitation is desired, additional fees will be applied to facilitate the necessary embalming and preparation work.

C) Simply Cremation \$3,175

For those wishing no private or public ceremony, this option includes basic professional services and documentation, transportation from the place of death, temporary facility for shelter, and the transfer to the crematorium. This fee includes a momentary identification period of 15 minutes for up to 4 family members. If the family would like to witness the cremation an additional fee of \$420 for additional staff services would apply.

Sympathy Flowers

During a time of loss, Cardinal can help you select from a wide range of sympathy flower options, designed to suit your needs and those of your family and friends.

As part of the value added services we provide, once the service has concluded, we will deliver the flowers to the location of your choice that may include a nursing home, hospital, church or your residence.

Casket Selection

The two main purposes of a casket are to provide the primary protection of the deceased in burial and to act as a focal point during the services. Therefore, choosing the right casket for yourself or a loved one is a very personal decision.

Wood Caskets (for burial or cremation)

Wood caskets can either be of solid construction or made of select wood veneers. Most people who choose a wood casket do so because of the warmth and beauty of the wood. In fact, no two wood caskets are identical since the graining patterns are unique to each one.

The value, selection and cost of caskets are affected by a number of factors such as materials of construction, design details and personalization features. Basically there are two types of caskets – metal and wood.

Metal Caskets (for burial only)

Those who choose metal caskets typically value the protective qualities they offer, as well as the various colours, styles and ornamentation options available.

Burial Vaults

Some cemeteries require you to purchase a burial vault or concrete liner, but most cemeteries do not. The diagram to the right demonstrates the benefits of a liner or burial vault. A concrete liner or a sealing burial vault will provide stability for the ground as well as protection for the casket. Burial vaults will also seal the casket from the elements.

Cremation Containers and Caskets

Cremation containers differ from caskets in their function as they are not intended for the long term care of the deceased, but serve their function during the funeral ceremony only.

As a result there are a number of modest cremation containers available to be used when the services are of a private or brief nature and serve mostly to transport and carry the deceased for cremation.

When visiting hours and a funeral service are part of the arrangement, many families appreciate the option of a rental casket. These caskets are identical in appearance to the burial caskets, yet they function differently. Only the interior shell and bedding of the rental casket is purchased and accompanies the deceased throughout the funeral right to cremation. The exterior shell of the casket serves as ornamentation and is only rented for the period of the funeral. This introduces some practical cost savings and reduces wood combustion in the cremation process.

Burial

The cemetery remains the safest place for the burial of a loved one, even after cremation. A cemetery is protected property in perpetuity and allows for a permanent memorial for your loved one. Urn burial remains a meaningful way to lay a loved one to rest.

AWAKE Soil

AWAKE is a company that transforms cremated remains into nutrient-rich soil, neutralizing the natural pH of the ashes to make them suitable for planting. This provides families with a sustainable and meaningful way to memorialize their loved one by growing trees, plants, or gardens.

Instead of storing ashes in an urn or scattering them, AWAKE Soil offers families a gentle and life-affirming way to honour their loved one’s memory—by nurturing something new. This 100% organic soil, made in Canada using a patented process, transforms cremated remains into pH-balanced, nutrient-rich earth that’s compatible with all plant types. Whether planting a tree, tending a garden, or simply keeping the soil close, families can choose between two thoughtfully sized options: a keepsake, which holds up to two cups of ashes, or a full-size option for an entire set of cremated remains. Each comes in a biodegradable cotton satchel, included with the price, and offers a quiet, lasting connection to the people and moments that matter most.

Custom engraving

Adding name, date, and text to applicable urns (up to 3 lines of text) is complimentary. Custom scenes and designs are also available for additional cost.

Please speak with your funeral director for more information.

Niche

A niche is a space within a granite columbarium where an urn can be placed alone or in a companion space in perpetuity within a cemetery. Some indoor niches have a glass front where the urn can be displayed along with small memorabilia. Most niches have a stone front with either engraved or bronze plate memorialization. It is important to know the dimensions of the niche when selecting an urn for this purpose.

Home

Taking an urn home is a very personal decision and can afford comfort after the funeral. This is a decision that should be carefully weighed with all who live in the home. There are beautifully designed urns for display or simple urns for private storage which can be selected for this purpose. Many of the decorative urns naturally fit with a home’s décor.

Scattering

Scattering the cremated remains of a loved one is a big decision as it cannot be reversed. Cremated remains are not lightweight like wood ash, but are weighty and granular, more like fine gravel.

This should be taken into account when scattering as they should not be left on the surface but turned under the ground. Your own private property may be used for scattering, but others’ property is off limits. Common land can be used for this purpose with discretion. This is a decision that should be discussed with all concerned, and it is worth considering the option of scattering a portion and allowing for the interment of the balance of the cremated remains in a cemetery where your loved one can be memorialized.

Most urns are also available in a smaller keepsake size as a way of keeping a portion of remains if burial or scattering is chosen.

Funeral Pre-Planning

Funeral planning as a part of estate planning is a responsible decision. Whether facing the imminence of death in the family or making responsible arrangements for your estate and affairs, there is great benefit in discussing funeral arrangements in advance for yourself or a loved one.

Let’s talk about it in the comfort of your own home or at our location, at a time that is convenient for you. We can present you with a range of funeral services and merchandise, which is tailored to suit your traditions, beliefs and budget, in a confidential and pressure-free manner. There is no cost or obligation.

Why should you plan ahead?

Pre-planning offers a number of benefits:

- Pre-planning gives you, as well as your family, peace of mind. Pre-planning leaves your loved ones with a clear idea of your wishes and intentions.
- Pre-planning offers an opportunity for you and your spouse to carefully weigh all the options, and make decisions together, without the emotion of a recent death.
- Should you wish to pay for the funeral ahead of time, you will know that your family will be relieved of the financial burden associated with the funeral arrangements. Everything will be looked after.

How do you pay for funeral arrangements ahead of time?

There are many options for setting aside funds to cover funeral costs. Paying today means that the costs associated with the arrangements are guaranteed. That means that even though costs will rise over the years, you and your family will not have to pay anything more. There are many options to pay in installments, with pre-authorized debit, or credit card payments. Talk to us about what might work best for you.

Journey Home Travel Protection

Are you planning to travel? Transporting the deceased from elsewhere can be a costly endeavor. Enrolling in the Journey Home Travel Protection means the costs and logistics of repatriation will be looked after. You simply pay a one-time fee of \$526.55 plus HST, and you will be covered. This plan covers expenses when a death occurs anywhere over 100km from home.

Most people don’t think about the day after a funeral. That’s why we do. For most of us, there will never be a day quite like the one following a funeral. With fewer distractions, the reality of loss seeps into places we didn’t know existed. People around us ease back into their routine. It’s hard to imagine how anyone could think clearly or could even know about the many things that need to be taken care of following a funeral.

That’s where our Extended Family Care program steps in.

We offer Extended Family Care because we know it makes a difference to families who have entrusted us with their loss. Our trained counsellors helps you begin the healing process by providing valuable “hands-on” assistance with many of the tasks (large and small) that must be dealt with.

Here is what you can expect from Extended Family Care:

Beneficiary changes, notifying the appropriate government agencies and timely insurance claims are among the most pressing matters facing a survivor, and may impact your financial well-being. Some things, left undone, have the potential to complicate your life if not addressed in a timely manner.

Want us to make phone calls? Need us to get a claim in the works? That’s what we will do. And if you’re not sure where to start, we will help you determine a plan of action.

Our team will help you to complete the forms and apply for any benefits you may be entitled to including CPP, OHIP/Health Card maintenance, SIN maintenance and much more.

Payment Terms

“The grief process is a difficult task. It is hard work, but you do not have to do it alone.”

Minimum Deposit Required

The minimum deposit is 100% of disbursements, plus 50% of the funeral service and merchandise charges, including taxes. This deposit is due upon signing the contract.

Balance of Funeral Costs

The purchaser(s) agrees to pay the outstanding balance within thirty (30) days of signing the contract. Interest will be applied at the rate of two (2) per cent per month, compounded monthly, (Twenty-seven (27) per cent, per annum), on any outstanding balance from the date of the contract, if not paid in thirty (30) days.

Deposits and payments may be made by, cash, cheque, certified cheque, bank draft, debit card, Visa or MasterCard.

Prearrangement Funding

For your convenience, we offer two funding options when prepaying for services and merchandise. When prepaying, you pay for the services and merchandise today and the funds will be used to pay for the services and merchandise at the time of need.

1. Trust Funding

The funds paid for the services and merchandise are paid to the funeral home and then placed in a Trust account, where it will accrue interest until the contract is fulfilled or cancelled.

2. Insurance Annuity Funding

The funds are used to purchase a group annuity contract, where the proceeds of the annuity will be used to pay for the services and merchandise at the time the contract is fulfilled or cancelled.
